

STORY BOARD OF THE FRENCH LOGO

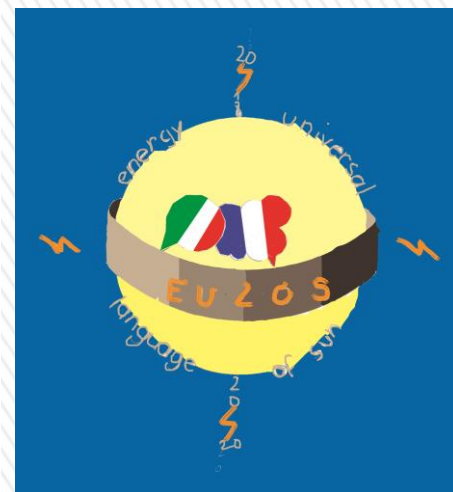

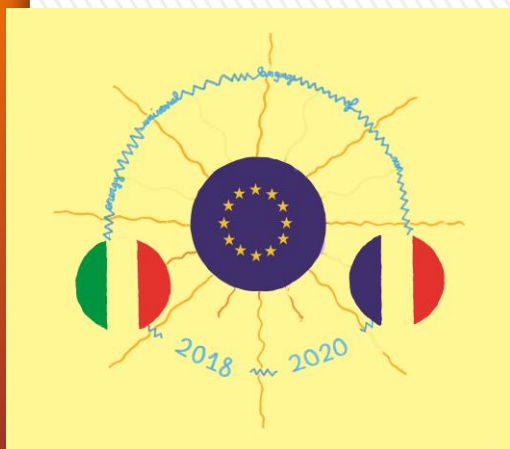

Energy Universal language of Sun

We started to work on our logo in November. We had to do a logo with specific dimension : 100 cm x 70 cm.

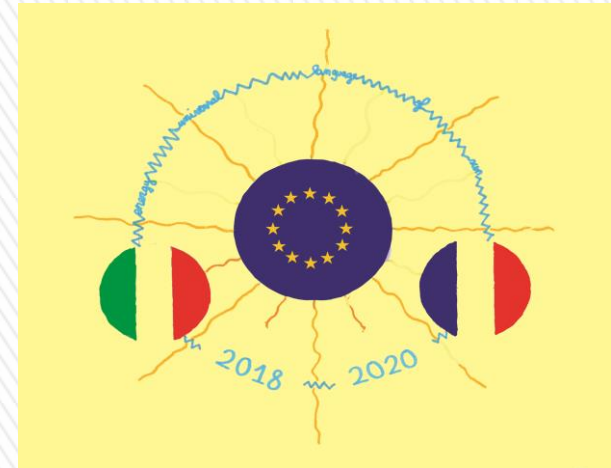

THE FIRST FRENCH LOGOS

- *These logos represent the collaboration between Italy and France.*
- *They represent the sun and its energy.*

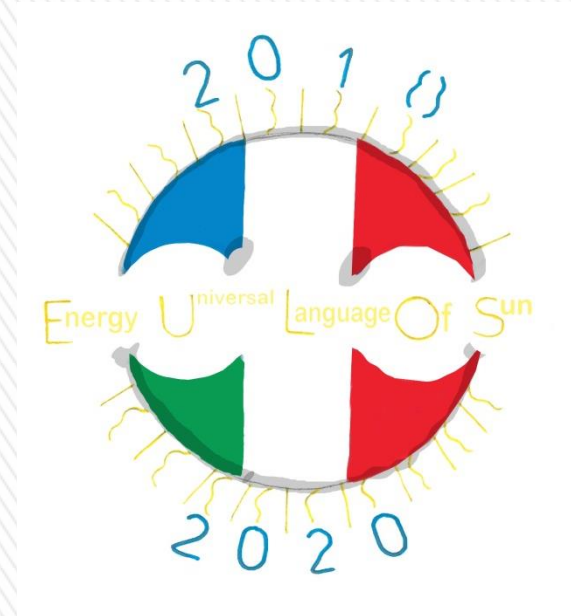

LOGO OF FLEURET AND LUKAS

This logo has got three flags. The central flag is the European flag because they finance the project. There are the French and Italian flags because they are the countries of exchange.

LOGO OF AXEL AND ANGEL

- This logo was voted for the Erasmus Project. This logo went to Italy to present it.*

LOGO OF MATTHIAS AND GUILLEM

This logo also represents the sun and it has two flags, the French and Italian one.

It wasn't chosen because we didn't like it.

LOGO OF FRANCOIS AND ADRIAN

- *This logo represents the contour of Italy and France. This logo wasn't chosen too, because it's not representative enough.*
